

# **Peer-Reviewed Evidence of Lyme/Tick-Borne Diseases Causing Psychiatric Symptoms**

**By Robert C Bransfield, MD, DLFAPA**

The following is a list of peer-reviewed articles that support the evidence of Lyme and other tick-borne diseases causing neuropsychiatric illness. It is organized into two different categories— neuropsychiatric symptoms and dementia. Revised 1/26/20

## **Lyme/Tick-Borne Diseases and Neuropsychiatric Symptoms**
